

Dear Patients and Families:

The health and wellness of our patients and their families continues to be our highest priority. As an organization, we are closely monitoring developments related to the Coronavirus and its impact on our shared community. As your medical home, we want to let you know that we are here for you all. We remain committed to providing high-quality and compassionate care throughout this rapidly evolving situation.

Our office has taken necessary preventative measures to minimize spread of the virus and keep our patients and employees safe. We are continuing to see patients in the office: Non-sick appointments will be scheduled in the morning and sick visits will be scheduled at the end of the day. A telemedicine program through MyChart has also been established to enable our providers to complete virtual visits. We strongly encourage you to register for MyChart.

We are also booking well visits for Spring and Summer. Please call the office at (617) 564-0123 and we would be happy to schedule.

Newton Pediatrics is here to answer any questions or concerns you have during this time. Thank you for choosing us as your child's medical home.

Sincerely,

The Newton Pediatrics Team
